

**Pennsylvania
Alliance
for Retired
Americans**

June 29, 2004

Dear Pennsylvanian:

This letter will serve to update all PARA members of our continuing efforts in the battle over the high cost of prescription drugs.

Last fall we entered into a partnership with Meds4mail, a Canadian Pharmaceutical company located in Winnipeg, Manitoba. Today we are pleased to provide you with an update reinforcing our May 2004 newsletter.

The Pennsylvania Alliance for Retired Americans has endorsed Meds4mail after 2 years of investigation, research and comparison. We have formed a relationship for the following reasons:

- Meds4mail is the only publicly traded Canadian Pharmaceutical entity. All others are privately held ventures. This requires that the company adhere to the tough standards set by Wall Street and also offer full disclosure.
- They have a large new faculty along with their own call center. They also provide assistance in a variety of languages including Spanish, French and English.
- Meds4mail meets or exceeds the standards for import as determined by the State of Wisconsin, a nationally recognized leader in the movement.

PARA has negotiated a special pricing discount for all of our members along with all affiliated groups and clubs in Pennsylvania. When ordering use our member code of PARA-1 to receive additional discounts.

You may compare pricing by logging on their site at MEDS4MAIL.COM. If you would like to receive a free information kit, request it online or send your name and address to:

PARA: P.O. Box 1052
Harrisburg, PA 17108-1052

Good luck and PARA is always working for you.

In Senior Solidarity,

Martin Berger
President
